SETTING UP APPLICATION ENVIRONMENT

DOCKER INSTALLATION

DATE	**24 OCT 2022**
TEAM ID	**PNT2022TMID53821**
PROJECT NAME	**SKILL AND JOB RECOMMENDER APPLICATION**
TEAM MEMBERS:	**ARUMUGAPRIYA M** **JAEL JESSICA A** **JANISHA S** **BERTENA R**

STEP 1

Go the official Docker website: *https://docs.docker.com/desktop/install/windows-install/*

STEP 2

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.
STEP 3

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

STEP 4

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

STEP 5

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

STEP 6

Finally, the docker is installed successfully.
